## CERTIFICATE OF ACCREDITATION

No. 363/2019

**Strojírenský zkušební ústav, s.p.**  
with registered office Hudcova 424/56b, 621 00 Brno, Company Registration No. 00001490

to the Inspection Body No. 4008  
TI – Technical Inspection

Scope of accreditation:

Type A inspection activities of new and operated pressure, lifting, electrical, gas and nuclear energy equipment, equipment complexes, folk amusement devices, equipment for passenger transport, equipment, products, processes and specified activities to the extent as specified in the appendix to this Certificate.

This Certificate of Accreditation is a proof of Accreditation issued on the basis of assessment of fulfillment of the accreditation criteria in accordance with

ČSN EN ISO/IEC 17020:2012

In its activities performed within the scope and for the period of validity of this Certificate, the Body is entitled to refer to this Certificate, provided that the accreditation is not suspended and the Body meets the specified accreditation requirements in accordance with the relevant regulations applicable to the activity of an accredited Conformity Assessment Body.

This Certificate of Accreditation replaces, to the full extent, Certificate No.: 653/2017 of 7. 11. 2017, or any administrative acts building upon it.

The Certificate of Accreditation is valid until: **7. 11. 2022**

Prague: 16. 7. 2019

**Jiří Růžička**  
Director  
Czech Accreditation Institute  
Public Service Company

**The Appendix is an integral part of  
Certificate of Accreditation No. 363/2019 of 16/07/2019**

**Accredited entity according to ČSN EN ISO/IEC 17020:2012:**

**Strojírenský zkušební ústav, s.p.**  
TI-Technical Inspection  
Hudcova 424/56b, 621 00 Brno

Ordinal number <sup>1)</sup>	Inspection field	Inspection type and scope	Inspection procedure
1.*	Inspection activities for the assessment of conformity in the field of pressure equipment, welding and defectoscopy in the field of pressure equipment	New and operated equipment	IP No. 01/1.9.2017
2.*	Inspection activities for the assessment of conformity in the field of lifting equipment, elevators and steel structures of elevators	New and operated equipment	IP No. 02/1.9.2017
3.*	Inspection activities for the assessment of conformity in the field of electrical equipment and electrical equipment of machines, technological lines and electrical equipment of other technical equipment	New and operated equipment	IP No. 03/20.4.2016
4.*	Inspection activities for the assessment of conformity in the field of gas equipment	New equipment	IP No. 04/1.6.2019
5.*	Inspection activities for the assessment of conformity of equipment complexes	New and operated equipment	IP No. 05/1.9.2017
6.*	Inspection activities for the assessment of conformity of folk amusement devices	New and operated equipment	IP No. 06/1.9.2017
7.*	Inspection activities for the verification of the qualification of entities to carry out specified activities	Specific assessment in manufacture, assembly, repair, reconstruction, modernization, inspection, testing and welding	IP No. 07/1.9.2017
8.*	Inspection activities for the assessment of conformity of selected equipment in the field of nuclear equipment	New and operated equipment	IP No. 08/1.9.2017

- 1) Asterisk at the ordinal number identifies that within the scope of accreditation, the Inspection Body is allowed to include new/updated/revised normative documents for the conformity assessment from time to time. Updated list of normative documents provided within the flexible scope of accreditation is available at the Inspection Body from the Inspection Body Technical Manager.

(Inspection procedure IP No. 08/1.9.2017)	

- 1) Asterisk at the ordinal number identifies that within the scope of accreditation, the inspection body is allowed to include new/updated/revised technical specifications listed in the "Standards covering basic requirements" section for the assessment of conformity with safety requirements. The precondition is that the product area, regulations and conformity assessment procedure must not change.
- 2) Updated list of normative documents provided within the flexible scope of accreditation is available at the Inspection Body from the Inspection Body Technical Manager.

Explanations:

Directive/Regulation – Directive/Regulation of the European Parliament and of the Council (EU),

GR – Government Regulation

IP - Inspection Procedure (internal),

Decree No. 358/2016 Coll. – Decree on requirements for assurance of quality and technical safety and assessment and verification of conformity of selected equipment (SÚJB, 2016).
